Dennis Shanfeldt

Kim Garcia

Robert Ortiz

Residents of Moriarty,

We are all anxious, as we are continuously inundated with the latest updates regarding the COVID-19 virus. It is at this time we must all come together to support each other and to keep everyone safe.

Per Governor Michelle Lujan Grisham's directive, for a state-wide "Stay-at-Home Order", effective today, March 24, 2020, City Offices, including the Civic Center and Library will be closed to the public. The Moriarty Fire Department, Moriarty Police Department, Public Works, and City Clerk's Office will remain available, by phone or appointment, and committed to providing critical services, reliable information, and steady leadership. Payments for utilities, can be made using our payment drop-box or online bill pay system. Bulk water customers can continue to purchase gallons by check or money-order in the drop-box.

I would advise all citizens to refer to our website for the latest updates, including the Public Health Order defining essential businesses, all mandates, and availability of programs for assistance, provided by the State of New Mexico.

Thank you for your cooperation and support in complying with all of the Governor's and local business mandates.

Sincerely,

Ted A. Hart  
Mayor
